Donald Trump in 2000: David Duke is a Bigot and a Racist

<http://youtu.be/OyJWUwG7oJ0?t=36>

Matt Lauer: "When you say the party is self-destructing, what do you see as the biggest problem with the Reform Party right now?"

Donald Trump: "Well, you've got David Duke just joined. A bigot. A racist. A problem. I mean this is not exactly the people you want in your party. Uh, Buchanan's a disaster, as we've, you know, covered."

<http://www.nytimes.com/2000/02/14/nyregion/quotation-of-the-day-815233.html>

"Now I understand that David Duke has decided to join the Reform Party to support the candidacy of Pat Buchanan. So the Reform Party now includes a Klansman—Mr. Duke, a Neo-Nazi—Mr. Buchanan, and a Communist—Ms. [Lenora] Fulani. This is not company I wish to keep."

<http://youtu.be/CrQo887vot4?t=315>

<http://edition.cnn.com/2015/07/29/politics/donald-trump-immigration-plan-healthcare-flip-flop/index.html>

"One, we have a law, right? You're supposed to come in legally. I would get people out and I would have an expedited way of getting them back into the country, so they can be legal. Let them be legal."

...

"We have to bring great people into this country. OK? And I want to bring -- I love the idea of immigration, but it's got to be legal immigration. Now, a lot of these people are helping us, whether it's the grapes or whether it's jobs. And sometimes it's jobs. In all fairness, I love our country, but sometimes it's jobs that a citizen of the United States doesn't even want to do. There are jobs that a lot of people don't want to do. I want to move them out. I want to move them back in and let them be legal. But they have to be in here legally."

Why can't anyone figure out what Donald Trump is worth? A 2006 deposition from Donald Trump's lawsuit against Timothy O'Brien might provide an answer. In 2006, Donald Trump sued writer Timothy O'Brien for libel because O'Brien had written that Trump's net worth was far less than the \$4 billion to \$6 billion that Trump was claiming at the time.

<http://www.nytimes.com/interactive/2015/09/24/business/dealbook/document-trumps-lawsuit-on-net-worth.html>

Question: Let me just understand that a little bit. Let's talk about net worth for a second. You said that the net worth goes up and down based upon your own feelings?

Donald Trump: Yes, even my own feelings, as to where the world is, where the world is going, and that can change rapidly from day to day. Then you have a September 11th, and you don't feel so good about yourself and you don't feel so good about the world and you don't feel so good about New York City. Then you have a year later, and the city is as hot as a pistol. Even months after that it was a different feeling. So yeah, even my own feelings affect my value to myself.

Question: When you publicly state what you're worth, what do you base that number on?

Donald Trump: I would say it's my general attitude at the time that the question may be asked. And as I say, it varies.

Trump Shifts Position on Libya

Donald Trump: We Should Take Libya's Oil

<http://www.wsj.com/video/trump-we-should-take-libya-oil/7E12BC15-38AE-465F-949A-CDB65ED6DC75.html>

"And at this point, if you don't get rid of Gadhafi, it's a major, major black eye for this country."

<http://vine.co/v/i6vFtaDXVax>

<http://transcripts.cnn.com/TRANSCRIPTS/1103/28/pmt.01.html>

"I can't believe what our country is doing. Qaddafi, in Libya, is killing thousands of people. Nobody knows how bad it is, and we're sitting around - we have soldiers all over the Middle East - and we're not bringing them in to stop this horrible carnage. And that's what it is. It's a carnage. You talk about all of the things that have happened in history - this could be one of the worst. Now, we should go in, we should stop this guy - which would be very easy and very quick, we could do it surgically - stop him from doing it, and save these lives. This is absolute nuts. We don't want to get involved, and you're gonna end up with something like you've never seen before. Now, ultimately, the people will appreciate it. They're gonna end up taking over the country, eventually. But the people will appreciate it - and they should pay us back. But we have go in to save these lives. These people are being slaughtered like animals. It's horrible what's going on. It has to be stopped. We're making decisions like, trade embargoes. What does this have to do with a trade embargo? He's killing people with machine guns in the streets. We should do - on a humanitarian basis - immediately, go into Libya, knock this guy out, very quickly, very surgically, very effectively, and save the lives. After it's all done, we go to the protestors who end up running the country - they're gonna like us a lot better than they will if we don't do it - more importantly we're gonna save lives - and we should then say, 'By the way, from all of your oil, we want reimbursement.'"

Timeline of Trump's Comments on Iraq Invasion

<http://www.washingtonpost.com/news/fact-checker/wp/2016/02/25/timeline-of-trumps-comments-on-iraq-invasion-not-loud-not-strong-and-no-headlines/>

Howard Stern: "Are you for invading Iraq?"

Donald Trump: "Yeah, I guess so. I wish the first time it was done correctly."

<http://soundcloud.com/buzzfeedandrew/trump-on-the-howard-stern-show-on-sept-11-2002>

"Now I do think we have other problems. I think you have to do something with the nuclear weapons that are obviously being built in Iran and the nuclear weapons being built in North Korea where they're — that's not even obvious. I mean, they're saying they're building nuclear weapons, and we're bogged down in Iraq. Now Iraq can solve the problem with Iran because you happen to be right next door - and, all of a sudden - Iraq maybe turns out to be a good transaction, so to speak. The fact is that Iran is building nuclear weapons and North Korea is building nuclear weapons, and that's the big quinella, and I hope President Bush can do something about that and quickly."

"Well, I think Wall Street's waiting to see what happens but even before the fact they're obviously taking it a little bit for granted and it looks like a tremendous success from a military standpoint and I think this is really nothing compared to what you're gonna see after the war is over. I think Wall Street's just gonna go up like a rocket - even beyond - and it's gonna continue and, you know, we have a strong and powerful country and let's hope it all works out. The main thing is to get the war over with and just make it a tremendously successful campaign and it'll be very interesting to see what kind of weapons they find."

<http://soundcloud.com/buzzfeedandrew/trump-on-neil-cavuto-on-march-21-2003>

"We can learn something here from George Bush and see how good a president he was. He wasn't afraid to use American power when he figured out that Saddam Hussein posed a direct threat to American interests in the East. I only wish, however, that he had spent three more days and properly finished the job. It is this kind of will and determination to use our strength strategically that America needs again in dealing with the North Koreans."

http://books.google.com/books?id=PV6qZU_xev8C&q=GEORGE+BUSH#v=snippet&q=GEORGE%20BUSH&f=false

"Consider Iraq. After each pounding from U.S. warplanes, Iraq has dusted itself off and gone right back to work developing a nuclear arsenal. Six years of tough talk and U.S. fireworks in Baghdad have done little to slow Iraq's crash program to become a nuclear power. They've got missiles capable of flying nine hundred kilometers—more than enough to reach Tel Aviv. They've got enriched uranium. All they need is the material for nuclear fission to complete the job, and, according to the Rumsfeld report, we don't even know for sure if they've laid their hands on that yet. That's what our last aerial assault on Iraq in 1999 was about. Saddam Hussein wouldn't let UN weapons inspectors examine certain sites where that material might be stored. The result when our bombing was over? We still don't know what Iraq is up to or whether it has the material to build nuclear weapons. I'm no warmonger. But the fact is, if we decide a strike against Iraq is necessary, it is madness not to carry the mission to its conclusion. When we don't, we have the worst of all worlds: Iraq remains a threat, and now has more incentive than ever to attack us."

"Let me just tell you that Israel is a very, very important ally of the United States. And we are going to protect them 100 percent. 100 percent. They've been our most reliable - they're our true friend over there and we're going to protect Israel 100 percent."

"In the Middle East, America must stand by our only ally in the region: the state of Israel. Not only is Israel strategically important in terms of the world's oil supply, but it is also the only democracy in the Middle East. Check Israel's voting record at the United Nations."

"President Obama isn't good. For Israel, he has been the worst president in history. Look at how frustrated Prime Minister Netanyahu was every time he visited Washington. All of Netanyahu's claims are correct; he is 100% right. Is this any way to treat our friends? I will make sure that changes."

http://www.israelhayom.com/site/newsletter_article.php?id=32049

"I think President Obama is one of the worst things that's ever happened to Israel. I think he's set back [Israeli] relations with the United States terribly, and for people and friends of mine who are Jewish, I don't know how they can support President Obama. He has been very bad for Israel."

"You are the first person to ever tell me that I have critics in Israel. I have such great support in Israel. I did a campaign commercial for Bibi [Prime Minister Benjamin Netanyahu]. We are going to protect Israel. Don't forget, Israel is our great bastion of hope in that region so Israel is very important."

http://www.israelhayom.com/site/newsletter_article.php?id=33659

"I know so many people from Israel. I have so many friends in Israel. First of all, the Israelis are great business people. They have a natural instinct for business and their start-ups are fantastic. I deal with the Israelis all the time, and I deal with people who are Jewish all the time, whether they are Israeli or not."

"The only [candidate] that's going to give real support to Israel is me. The rest of them are all talk, no action. They're politicians. I've been loyal to Israel from the day I was born. My father, Fred Trump, was loyal to Israel before me. The only one that's going to give Israel the kind of support it needs is Donald Trump."

<http://www.jns.org/latest-articles/2015/6/28/when-it-comes-to-israel-donald-trump-says-he-is-no-apprentice>

"I have great respect for [the Shabbat traditions], and I see Ivanka during Saturday, and from Friday evening on through Saturday night, she won't take phone calls and they live a very interesting life. And it's actually a beautiful thing to watch, with Jared and Ivanka. In a very hectic life, it really becomes a very peaceful time. So there's something very nice about it."

<http://www.jns.org/latest-articles/2015/6/28/when-it-comes-to-israel-donald-trump-says-he-is-no-apprentice>

"It would be incredible news for Israel. Your friend is the front-runner in the primaries. I have always been your friend. The people who need to know that, know it. Even in the toughest of times, I always stood by Israel. I supported you at

times when it wasn't easy to be a friend of Israel. I am a great friend of Israel and that certainly won't change if I enter the White House. I love Israel."

http://www.israelhayom.com/site/newsletter_article.php?id=32511

"You know that under the Iran deal — I haven't seen this; nobody has really seen it — but under the Iran deal, if Israel ends up attacking Iran because they are — you know, they see they are actually doing the nuclear — or if it's the other way around, we have to fight with Iran. By the way, that's not happening, folks. I don't care. Deals are meant to be broken in some cases, alright? I will rip that."

<http://jewishinsider.com/6564/trump-do-not-worry-israel/>

"My name is Donald Trump, and I'm a big fan of Israel. And frankly, a strong prime minister is a strong Israel. And you truly have a great prime minister in Benjamin Netanyahu. There's nobody like him. He's a winner. He's highly respected. He's highly thought of by all. And people really do have great, great respect for what's happened in Israel. So, vote for Benjamin. Terrific guy. Terrific leader. Great for Israel."

<http://www.youtube.com/watch?v=tm5Je73bYOY>

Trump added that the biggest obstacle between Israel and Palestine making amends is the cycle of hatred between both factions. "You have one side in particular growing up and learning that 'these are the worst people, these are the worst people, etc, etc.' I was with a very prominent Israeli the other day and he said it's impossible because the other side has been trained from the time they're children to hate Jewish people. I'm going to give it a shot."

<http://thehill.com/blogs/ballot-box/presidential-races/269806-trump-ill-be-neutral-on-israel-and-palestine>

"Yes. I am a great friend of Israel. I was the Grand Marshal of the Israeli Day Parade. I have so many friends - in fact one of them, one of my great friends - where is Jared, my son-in-law? Where is he? My son-in-law is Jewish, and he's fantastic - a very successful guy in the New York real estate. And Ivanka is going to have a baby in the next week or so. So, there is nobody closer. And Bibi Netanyahu asked me to do a commercial for him, for his campaign. I did a commercial for him.

<http://jewishinsider.com/6564/trump-do-not-worry-israel/>

"I think that the threat to Israel right now is greater than it has ever been because of what happened with Iran and the Iran deal made by President [Barack] Obama. I think it is a horrible, horrible situation that our president has placed Israel in and I think that Obama has been very, very bad for the people of Israel. I just want to tell them that I am extremely strongly in favor of Israel, I respect it and have loved the people of Israel for a long time. I have many friends who are from Israel and we're going to make sure that Israel is going to be in very good shape forever."

http://www.israelhayom.com/site/newsletter_article.php?id=33659

"I think the worst thing that's happened to Israel in many, many decades was Barack Obama. I think he's been a disaster. Netanyahu is a good guy. He asked me to make an ad for his campaign and I made an ad for his campaign. He's a very good guy. I don't know what they're doing with this Iran deal, it is one of the worst deals and I don't even mean between countries, it is one of the dumbest deals I have ever seen made between anybody. It is incompetent, it is grotesque, and it is very, very bad for Israel. But I will take care of it if I win. Believe me, that's what I do, I solve problems."

http://www.israelhayom.com/site/newsletter_article.php?id=30517

"This deal was the worst deal that Israel could have gotten. Think about it: beyond the deal itself, Iran also received \$150 billion. And to think that they signed that deal without discussing it with Israel! As far as I'm concerned, this deal is the worst thing that ever happened to Israel. There is a clause in it that stipulates protecting Iran's nuclear facilities should they come under attack. You have to read it to believe it. It may very well be the dumbest thing I've ever seen. I don't understand what it means, that America will attack Israel if Israel attacks Iran? That's ridiculous."

http://www.israelhayom.com/site/newsletter_article.php?id=32049

"The American people stand strong with the people of Israel, who have suffered far too long from terrorism. Israel's security is a matter of paramount importance to me and the American people. We understand all too well the unspeakable horror that terrorism unleashes. To address it — and address it we must! — we must recognize the parallel horror of the culture of religious hatred that permeates many Palestinian quarters. From schools that indoctrinate toddlers to grow up to kill Israelis to the daily menu of hate that spews forth from various 'news organizations,' change is long overdue in the Palestinian territories."

<http://www.israelnationalnews.com/News/News.aspx/213510>

"My friendship with Israel is stronger than any other candidate's. I want to make one thing clear: I want to strike a peace agreement between Israel and the Palestinians. It is what I aspire to do. Peace is possible, even if it is the most difficult agreement to achieve. As far as I understand, Israel is also interested in a peace deal. I'm not saying I'll succeed, or even that an agreement between Israel and the Palestinians is within reach, but I want to try. But in order for an agreement to happen, the Palestinians need to show interest. It's a little difficult to reach an agreement when the other side doesn't really want to talk to you."

http://www.israelhayom.com/site/newsletter_article.php?id=32049

"Israel, our great friend and the one true democracy in the Middle East has been snubbed and criticized by an administration that lacks moral clarity. Just a few days ago, Vice President Biden again criticized Israel, a force for justice and peace, for acting as an impatient peace area in the region. President Obama has not been a friend to Israel. He has treated Iran with tender loving care and made it a great power. Iran has, indeed, become a great, great power in just a very short period of time, because of what we've done. And all at the expense of Israel, our allies in the region and very importantly, the United States itself."

<http://www.nytimes.com/2016/04/28/us/politics/transcript-trump-foreign-policy.html>

"I want to thank my Jewish daughter. I have a Jewish daughter. This wasn't in the plan, but I'm very glad it happened. And she's married to a spectacular guy, Jared. Jared, stand up. What a handsome, great developer, and well beyond. Great businessman. It's a fantastic couple. And, while we're at it, I have to do this, because, Mr. and Mrs. Charles Kushner. This is a spectacular couple. He's somebody that I've admired for so long, and known him for so long. And there's really nobody like him. And what a family it is. So, we're proud to be associated with your family through marriage. You can't do better than that. So, Charles, Seryl, thank you very much."

<http://www.youtube.com/watch?v=HiwBwBw7R-U>

"I am enjoying the campaign. Regarding Israel, I love Israel. I've won many [Israeli] awards - the Tree of Life award and different awards from the Jewish Federation. When you're in New York, you'll come and see me in my office because I want to show you my wall. It has so many awards from Israel and from Jewish charities and different groups. One of the great things was when I was the grand marshal at the Israel Day Parade, I think in 2004 - not exactly a good time for Israel, as you know. A lot of people said, 'You have to be crazy to walk down the middle of Fifth Avenue.' I said I don't know, I'm doing it for Israel, I have to do it. So I've had an amazing relationship with Israel."

http://www.israelhayom.com/site/newsletter_article.php?id=30517

"Well, I just see what is happening and I am so saddened by this Iran deal. It's one of the worst deals I've ever seen under any circumstances, any deal, not just deals between nations. I think it's a tremendous liability to Israel. I think it's going to actually lead to nuclear proliferation and it's going to cause a lot of problems. I will be very good to Israel. People know that. I have so many friends from Israel. I have won so many awards from Israel. I was even the grand marshal for the Israeli Day Parade a few years ago. So I will back Israel. We have a president that I think is the worst thing that has ever happened to Israel. But I will be backing it very strongly. They're our best ally. They're our best ally in the Middle East. They've really been loyal to us. We have not been loyal to them."

<http://www1.cbn.com/thebrodyfile/archive/2016/01/19/exclusive-donald-trump-tells-the-brody-file-hes-100-in>

"BEING THERE FOR ISRAEL The United States must continue to nurture and safeguard our special relationship with the state of Israel. This relationship must remain the cornerstone of our policy tactics through the entire Middle East region, as it has been for presidential administrations of both parties for more than half a century. Why do we have this special relationship? It is not out of charity, guilt, or what some who would attack these bonds have called the political pressure of "ethnic lobbies." We have been there for Israel, as for England, because Israel is there for us. Israel is a stable democratic ally in a region filled with instability and dictatorship. It is an "unsinkable aircraft carrier" for America's interests and values, from the United Nations to the Mediterranean. Now, as Israel has matured, our close ties also bring America a fair trading partner and a fellow pioneer on the high-tech frontier of medicine and communications that will enrich Americans' lives in the coming century. Our two countries must continue to stand strong together as pillars of freedom and progress."

http://books.google.com/books?id=PV6qZU_xev8C&q=ISRAEL#v=snippet&q=ISRAEL&f=false

"Many, many standing ovations and they agreed with what I said. Basically I support a two-state solution on Israel. But the Palestinian Authority has to recognize Israel's right to exist as a Jewish state. Have to do that. And they have to stop the terror, stop the attacks, stop the teaching of hatred, you know? The children, I sort of talked about it pretty much in the speech, but the children are aspiring to grow up to be terrorists. They are taught to grow up to be terrorists. And they have to stop. They have to stop the terror. They have to stop the stabbings and all of the things going on. And they have to recognize that Israel's right to exist as a Jewish state. And they have to be able to do that. And if they can't, you're never going to make a deal. One state, two states, it doesn't matter: you're never going to be able to make a deal. Because Israel would have to have that. They have to stop the terror. They have to stop the teaching of children to aspire to grow up as terrorists, which is a real problem. So with that you'd go two states, but in order to go there, before you, you know, prior to getting there, you have to get those basic things done. Now whether or not the Palestinians can live with that? You would think they could. It shouldn't be hard except that the ingrained hatred is tremendous."

"The JEWS who Run Bush and the USA"

"AMERICA'S RULERS - Are They *All* Jews? Is this like the *Jewish* Administration of Hitler's Germany?"

THE JEWS IN *George II's* CABINET

Who runs Bush & the USA?

Partial list of Jews in the Bush Administration:

(March 26, 2003)

Richard Perle

One of Bush's foreign policy advisors, he is the chairman of the Pentagon's Defense Policy Board. A very likely Israeli government agent, Perle was expelled from Senator Henry Jackson's office in the 1970's after the National Security Agency (NSA) caught him passing Highly-Classified (National Security) documents to the Israeli Embassy. He later worked for the Israeli weapons firm, Soltam. Perle came from one the above mentioned pro-Israel thinktanks, the AEI. Perle is one of the leading pro-Israeli fanatics leading this Iraq war mongering within the administration and now in the media.

Paul Wolfowitz

Deputy Defense Secretary, and member of Perle's Defense Policy Board, in the Pentagon. Wolfowitz is a close associate of Perle, and reportedly has close ties to the Israeli military. His sister lives in Israel. Wolfowitz came from the above mentioned Jewish thinktank, JINSA. Wolfowitz is the number two leader within the administration behind this Iraq war mongering.

Douglas Feith

Under Secretary of Defense and Policy Advisor at the Pentagon. He is a close associate of Perle and served as his Special Counsel. Like Perle and the others, Feith is a pro-Israel extremist, who has advocated anti-Arab policies in the past. He is closely associated with the extremist group, the Zionist Organization of America, which even attacks Jews that don't agree with its extremist views. Feith frequently speaks at ZOA conferences. Feith runs a small law firm, Feith and Zell, which only has one International office, in Israel. The majority of their legal work is representing Israeli interests. His firm's own website stated, prior to his appointment, that Feith "represents Israeli Armaments Manufacturer." Feith basically represents the Israeli War Machine. Feith also came from the Jewish thinktank JINSA. Feith, like Perle and Wolfowitz, are campaigning hard for this Israeli proxy war against Iraq.

Edward Luttwak

Member of the National Security Study Group of the Department of Defence at the Pentagon. Luttwak is reportedly an Israeli citizen and has taught in Israel. He frequently writes for Israeli and pro-Israeli newspapers and journals. Luttwak is an Israeli extremist whose main theme in many of his articles is the necessity of the U.S. waging war against Iraq.

Henry Kissinger

One of many Pentagon Advisors, Kissinger sits on the Pentagon's Defense Policy Board under Perle. For detailed information about Kissinger's evil past, read Seymour Hersch's book (Price of Power: Kissinger in the Nixon White House). Kissinger likely had a part in the Watergate crimes, Southeast Asia mass murders (Vietnam, Cambodia, Laos), Installing Chilean mass murdering dictator Pinochet, Operation Condor's mass killings in South America, and more recently served as Serbia's Ex-Dictator Slobodan Milosevic's Advisor. He consistently advocates going to war against Iraq. Kissinger is the Ariel Sharon of the U.S. Unfortunately, President Bush nominated Kissinger as chairman of the September 11 investigating commission. It's like picking a bank robber to investigate a fraud scandal.

Dov Zakheim

Under Secretary of Defense, Comptroller, and Chief Financial Officer (CFO) for the Department of Defense. He is an ordained rabbi and reportedly holds Israeli citizenship. Zakheim attended attended Jew's College in London and became an ordained Orthodox Jewish Rabbi in 1973. He was adjunct professor at New York's Jewish Yeshiva University. Zakheim is close to the Israeli lobby.

Kenneth Adelman

One of many Pentagon Advisors, Adelman also sits on the Pentagon's Defense Policy Board under Perle, and is another extremist pro-Israel advisor, who supports going to war against Iraq. Adelman frequently is a guest on Fox News, and often expresses extremist and often ridiculous anti-Arab and anti-Muslim views. Through his hatred or stupidity, he actually called Arabs "anti-Semitic" on Fox News (11/28/2001), when he could have looked it up in the dictionary to find out that Arabs by definition are Semites.

I. Lewis Libby

Vice President Dick Cheney's Chief of Staff. The chief pro-Israel Jewish advisor to Cheney, it helps explains why Cheney is so gun-ho to invade Iraq. Libby is longtime associate of Wolfowitz. Libby was also a lawyer for convicted felon and Israeli spy Marc Rich, whom Clinton pardoned, in his last days as president.

Robert Satloff

U.S. National Security Council Advisor, Satloff was the executive director of the Israeli lobby's "think tank," Washington Institute for Near East Policy. Many of the Israeli lobby's "experts" come from this front group, like Martin Indyk.

Elliott Abrams

National Security Council Advisor. He previously worked at Washington-based "Think Tank" Ethics and Public Policy Center. During the Reagan Administration, Abrams was the Assistant Secretary of State, handling, for the most part, Latin American affairs. He played an important role in the Iran-Contra Scandal, which involved illegally selling U.S. weapons to Iran to fight Iraq, and illegally funding the contra rebels fighting to overthrow Nicaragua's Sandinista government. He also actively deceived three congressional committees about his involvement and thereby faced felony charges based on his testimony. Abrams pled guilty in 1991 to two misdemeanors and was sentenced to a year's probation and 100 hours of community service. A year later, former President Bush (Senior) granted Abrams a full pardon. He was one of the more hawkish pro-Israel Jews in the Reagan Administration's State Department.

Marc Grossman

Under Secretary of State for Political Affairs. He was Director General of the Foreign Service and Director of Human Resources at the Department of State. Grossman is one of many of the pro-Israel Jewish officials from the Clinton Administration that Bush has promoted to higher posts.

Richard Haass

Director of Policy Planning at the State Department and Ambassador at large. He is also Director of National Security Programs and Senior Fellow at the Council on Foreign Relations (CFR). He was one of the more hawkish pro-Israel Jews in the first Bush (Sr) Administration who sat on the National Security Council, and who consistently advocates going to war against Iraq. Haass is also a member of the Defense Department's National Security Study Group, at the Pentagon.

Robert Zoellick

U.S. Trade Representative, a cabinet-level position. He is also one of the more hawkish pro-Israel Jews in the Bush (Jr) Administration who advocated invading Iraq and occupying a portion of the country in order to set up setting up a Vichy-style puppet government. He consistently advocates going to war against Iraq.

Ari Fleischer

Official White House Spokesman for the Bush (Jr) Administration. Prominent in the Jewish community, some reports state that he holds Israeli citizenship. Fleischer is closely connected to the extremist Jewish group called the Chabad Lubavitch Hasidics, who follow the Qabala, and hold very extremist and insulting views of non-Jews. Fleischer was the co-president of Chabad's Capitol Jewish Forum. He received the Young Leadership Award from the American Friends of Lubavitch in October, 2001.

James Schlesinger

One of many Pentagon Advisors, Schlesinger also sits on the Pentagon's Defense Policy Board under Perle and is another extremist pro-Israel advisor, who supports going to war against Iraq. Schlesinger is also a commissioner of the Defense Department's National Security Study Group, at the Pentagon.

David Frum

White House speechwriter behind the "Axis of Evil" label. He lumps together all the lies and accusations against Iraq for Bush to justify the war.

Joshua Bolten

White House Deputy Chief of Staff, Bolten was previously a banker, former legislative aide, and prominent in the Jewish community.

John Bolton

Under-Secretary of State for Arms Control and International Security. Bolton is also a Senior Advisor to President Bush. Prior to this position, Bolton was Senior Vice President of the above mentioned pro-Israel thinktank, AEI. He recently (October 2002) accused Syria of having a nuclear program, so that they can attack Syria after Iraq. He must have forgotten that Israel has 400 nuclear warheads, some of which are thermonuclear weapons (according to a recent U.S. Air Force report).

David Wurmser

Special Assistant to John Bolton (above), the under-secretary for arms control and international security. Wurmser also worked at the AEI with Perle and Bolton. His wife, Meyrav Wurmser, along with Colonel Yigal Carmon, formerly of Israeli military intelligence, co-founded the Middle East Media Research Institute (Memri), a Washington-based Israeli outfit which distributes articles translated from Arabic newspapers portraying Arabs in a bad light.

Eliot Cohen

Member of the Pentagon's Defense Policy Board under Perle and is another extremist pro-Israel advisor. Like Adelman, he often expresses extremist and often ridiculous anti-Arab and anti-Muslim views. More recently, he wrote an opinion article in the Wall Street Journal openly admitting his racist hatred of Islam claiming that Islam should be the enemy, not terrorism.

Mel Sembler

President of the Export-Import Bank of the United States. A Prominent Jewish Republican and Former National Finance Chairman of the Republican National Committee. The Export-Import Bank facilitates trade relationships between U.S. businesses and foreign countries, specifically those with financial problems.

Michael Chertoff

Assistant Attorney General for the Criminal Division, at the Justice Department.

Steve Goldsmith

Senior Advisor to the President, and Bush's Jewish domestic policy advisor. He also serves as liaison in the White House Office of Faith-Based and Community Initiatives (White House OFBCI) within the Executive Office of the President. He was the former mayor of Indianapolis. He is also friends with Israeli Jerusalem Mayor Ehud Olmert and often visits Israel to coach mayors on privatization initiatives.

Adam Goldman

White House's Special Liaison to the Jewish Community.

Joseph Gildenhorn

Bush Campaign's Special Liaison to the Jewish Community. He was the DC finance chairman for the Bush campaign, as well as campaign coordinator, and former ambassador to Switzerland.

Christopher Gersten

Principal Deputy Assistant Secretary, Administration for Children and Families at HHS. Gersten was the former Executive Director of the Republican Jewish Coalition, Husband of Labor Secretary, Linda Chavez, and reportedly very pro-Israel. Their children are being raised Jewish.

Mark Weinberger

Assistant Secretary of Housing and Urban Development for Public Affairs.

Samuel Bodman

Jews Who control ostensibly *non-Jewish* Organizations

The Zionists have many lobby groups. The Israeli lobby has many "thinktanks" that provide future advisors to the various administrations, both Republican and Democrat. During the Clinton Administration, the Israeli lobby provided officials from the Washington Institute for Near East Policy like Martin Indyk. During the Bush Jr Administration, many of the officials the Israeli lobby provided are from their Republican "thinktanks," like the American Enterprise Institute (AEI) and the Jewish Institute for National Security Affairs (JINSA).

To what degree do these people have allegiance to the Jewish victimology tradition, by extension to what degree do they hold dear the state of Israel and/or other Judeocentric interests within their respective organization's policy above the nation in which they reside? Also, to what degree do they reflect a "Jewish view of the world," popularly declared as something very real in Jewish circles -- particularly in deconstructing and/or subverting the non-Jewish social, cultural, and political order? To what extent are these people activists in such public policy socialization processes, sensitizing the public to Jewish interests and concerns? (This partial list that could go on for miles).

UNIVERSITIES:

(Current or recent)

"Ronald Ehrenberg, the Irving M. Ives Professor of Industrial and Labor Relations and vice president for academic programs, planning and budgeting, drew mainly from his personal experiences and his background as a Jew to demonstrate the continued need for affirmative

action programs . . . [Six out of eight Ivy League universities in recent years](#) have had Jewish presidents, Ehrenberg said."

"It's fascinating," observed President James O. Freedman in the February 11 *Los Angeles Times*, "that there was not a Jewish president of a major university — with one or two exceptions — until about 15 years ago. And then all of a sudden — without notice — [there are Jewish presidents now at dozens of major institutions](#)." Among all those presidents, however, Freedman remains among the most outspoken on Jewish issues in higher education. Through a series of public comments, notably his 1990 attack on the *Dartmouth Review*, Freedman has repeatedly used his ethnicity to make a name for himself in academic circles. The *Los Angeles Times* interview concerned his comments at the opening of the *Roth Center for Jewish Life*, in which he exposed Dartmouth's history of anti-Semitism."

[Tufts University,](#)

"Lawrence S. Bacow, recently installed as president of Tufts University, likes to say that the [naming of a Jewish college president is hardly newsworthy anymore](#). After all, MIT named Jerry Weisner in 1970, and since then Jewish presidents have reigned at prestigious institutions from Dartmouth to Harvard, Penn to Princeton . . . And, the new Tufts head boasts, every door of the President's mansion on the Medford campus now hosts a mezzuzah, while the kitchen has been koshered for his family's use. Bacow's strong commitment to Judaism and the Jewish community is clear from his positions as a director of the Jewish Community Housing for the Elderly and a trustee of Hebrew College, and his wife's role as a trustee of Temple Emmanuel in Newton. He believes it is important for American Jews to 'speak up on behalf of Israel and to show their support visibly,' yet he understands the complexities of the situation."

[RELIGIOUS](#)

(Note: a pillar of "interfaith" Jewish-Christian organizations tends to be the propagandizing of Christian sensitization to Jewish concerns about "anti-Semitism" (underscoring alleged Christian blame for the "Holocaust"), and revision of historical Christian religious texts to accommodate Jewish demands. These types of organizations are typically constructed towards Christian sympathy of Jewish hostility to Christianity. Note that at least two organization directors are rabbis at Christian colleges -- a situation that is reciprically (read: "priest") unthinkable at a Jewish center of higher learning. Interfaith "dialogue" with Jewry is essentially Christian CONCESSION to Jewish perspective, never the other way around).

The Jewish U.S. Ambassadors

22/04/98

The Jewish US. Ambassadors mentioned here have been chosen not because of their ethnic origin, but because of their political ideology and POLITICAL position regarding the Palestine question, as POLITICAL actors.

They are mentioned not because they are Jews, but they are mentioned because we believe that the Jewish lobby in the US has created a dangerous concentration of power which we believe is troublesome to the democracy of that country and dangerous for the peace in the Middle East. It is a political analysis which has been made by many observers, including Israeli newspapers.

Just the fact that the Jews don't agree with our political views should not allow them to deprive us of our human right of freedom of speech. The tragic reality is this: freedom of speech is now almost non-existent in many European countries. We hope that censorship will not prevail over the content of any homepages.

The situation in the Middle East that is much inflamed -- the parties concerned in the debate and the conflict only reflect the real polarization. To Palestinians and Muslims the Zionists appear to be the Nazis of today as they were fifty years ago in Germany. To the victims of Zionism this ideology is not experienced as something positive, but as a symbol of evil.

This Jewish concentration of power in USA gives world Jewry tremendous influence to promote their "special agenda". Never before in American history have so many Jews been appointed as US Ambassadors. They are all members of powerful Jewish organizations.

These are hardened supporters of Israel and the "Jewish race". It is impossible for them to put the interests of America ahead of their Zionist state. None of following would hold these ambassadorships unless they were members of the ruling Jewish elite. Here is their listing which you will never see in the daily press.

Some Jewish U.S. Ambassadors:

Germany:

Ambassador John C. Kornblum

Germany has long been seen as an adversary of the Jews. Thus a Jewish Ambassador places them under direct Jewish pressure.

France:

Ambassador Felix Rohatyn

Rohatyn is a former partner in the Jewish Lazard Freres investment bank. In September the French oil company, "Total," invested \$2 billion in the production of oil in Iran. Rohatyn is seeking to Veto this project due to Israel's hostility toward Iran. Rohatyn said; "Globalization doesn't carry a threat, but it carries discipline."

Poland:

Ambassador Daniel Fried

Chester Grabowski, editor of "The Polish Post Eagle", and others urged Clinton to name a Polish American. This plea was ignored. There has never been a Jew ambassador to Poland before as Jews hold an animosity toward Poles. This is considered as a gross insult. Regardless, Fried jokingly said: "I will now have to brush up on their language."

Denmark:

Ambassador Edward E. Elson

Dr. Fields attended Marist High. School in Atlanta with the Elson brothers. He learned that their family made a fortune in the textile business and are big contributors to the Democratic Party.

Hungary:

Ambassador Donald M. Blinken

This country has long been considered "anti-Semitic". Budapest has the largest Jewish population in Europe, some 125,000 Jews, only exceeded by Paris Thus Blinken can protect their financial interests.

Romania:

Ambassador Alfred H. Moses

At one time Romania was ruled by an all-Jewish Communist Party under Anna Pauka. Romania is closely allied with Israel. Six members of the Rumanian Senate, three of them priests, objected to Clinton's 1994 appointment of Moses, stating that he was closely connected to the fallen Communist Ceausescu regime.

Belgium:

Ambassador Alan J. Blinken

Antwerp, Belgium, is the diamond capital of the world, next to Tel Aviv. The diamond business is totally Jew-controlled. Blinken is in a position to further protect their interests. He is related to the Blinken ambassador to Hungary.

Belarus:

Ambassador Kenneth S. Yalowitz

Belarus is located between Poland and Russia. It once had a huge Jewish population.. They still have interests there.

South Africa:

Ambassador James A. Joseph

The Jewish Oppenheimer family controls this gold mining capital of the world. The Jewish-run South African Communist Party and the ANC now control the government and loyally do the bidding of the gold interests).

India:

Ambassador Frank G. Wisner

This economic powerhouse has long sided with the Arabs against Israel and needs more Zionist control.

Turkey:

Ambassador Marc Grossman

The "Kemalist" Turkey is the only Middle East border country with a military alliance with Israel. They pose a threat to Syria and Iraq over long simmering border disputes. Mustafa Kemal Ataturk was a secret Jewish infiltrator! This explains the alliance between the Ataturk-influenced military regime in Turkey and the fraudulent and criminal state of Israel! This also explains the opposition of the "kémalian" junta against the renaissance of Islam amongst the Muslim people of Turkey!

New Zealand:

Ambassador Josiah H. Beeman

Egypt:

Ambassador Daniel C. Kurtzer

Egypt is the recipient of the second largest amount of US foreign aid. This is to "buy off" Israel's southern front. Any hostility toward Israel would end the aid.)

Sweden:

Ambassador Thomas L. Siebert

Morocco:

Ambassador Marc C. Ginsberg

Singapore:

Ambassador Timothy A. Chorba

Zambia:

Ambassador Arlene Render

Brazil:

Ambassador Melvyn Levitsky

This is South America's largest country and economic powerhouse. Jews have huge investments here.

Bolivia:

Ambassador Curt W. Kamman

This is another mineral rich country; copper, magnesium, lead, etc.

Mexico:

Ambassador Jeffrey Davidow

Davidow was formerly Assistant Secy. Of State for South America under Albright. Mexico sends the US more immigrants and trade than any other nation.

Canada:

Ambassador Gordon Giffin

Thus Clinton has given both border neighbors, Mexico and Canada, to Jewish operatives.

Cuba:

US Interest Head, Michael G. Kozak

One would think Cuba would have a Spanish Catholic "Interest Chief" instead of a Jew!

Norway:

Ambassador David B. Hermelin

Hermelin is a Michigan multi-millionaire real estate developer and president of the World Jewish ORT Union. He owns Palace Sports and Entertainment, "The Palace" of Auburn Hills and the "Pine Knob Music Theater".

Switzerland:

Ambassador Madeleine M. Kunin

Kunin is the former Democratic governor of Vermont. Her four children attended a Hebrew school. The New York Times of Oct. 4, 1997 says she, "doggedly pursues the Swiss on the issue of (Russian) gold for holocaust survivors."

What
George Washington
and
Benjamin Franklin
said about the Jews

George Washington
(*'Maxims of George Washington'* by A. A. Appleton & Co.)

"They (the Jews) work more effectively against us, than the enemy's armies. They are a hundred times more dangerous to our liberties and the great cause we are engaged in . . . It is much to be lamented that each state, long ago, has not hunted them down as pest to society and the greatest enemies we have to the happiness of America."

George Washington

Benjamin Franklin
(This prophecy, by Benjamin Franklin, was made in a "CHIT CHAT AROUND THE TABLE DURING INTERMISSION," at the Philadelphia Constitutional Convention of 1787. This statement was recorded in the dairy of Charles Cotesworth Pinckney, a delegate from South Carolina.)

"I fully agree with General Washington, that we must protect this young nation from an insidious influence and impenetration. The menace, gentlemen, is the Jews.
In whatever country Jews have settled in any great number, they have lowered its moral tone; depreciated its commercial integrity; have segregated themselves and have not been assimilated; have sneered at and tried to undermine the Christian religion upon which that nation is founded, by objecting to its restrictions; have built up a state within the state; and when opposed have tried to strangle that country to death financially, as in the case of Spain and Portugal.
For over 1,700 years, the Jews have been bewailing their sad fate in that they have been exiled from their homeland, as they call Palestine. But gentlemen, did the world give it to them in fee simple, they would at once find some reason for not returning. Why? Because they are vampires, and vampires do not live on vampires. They cannot live only among themselves. They must subsist on Christians and other people not of their race.
If you do not exclude them from these United States, in their Constitution, in less than 200 years they will have swarmed here in such great numbers that they will dominate and devour the land and change our form of government, for which we Americans have shed our blood,

given our lives our substance and jeopardized our liberty.

If you do not exclude them, in less than 200 years our descendants will be working in the fields to furnish them substance, while they will be in the counting houses rubbing their hands. I warn you, gentlemen, if you do not exclude Jews for all time, your children will curse you in your graves.

Jews, gentlemen, are Asiatics, let them be born where they will nor how many generations they are away from Asia, they will never be otherwise. Their ideas do not conform to an American's, and will not even thou they live among us ten generations. A leopard cannot change its spots. Jews are Asiatics, are a menace to this country if permitted entrance, and should be excluded by this Constitutional Convention."

Benjamin Franklin

Peter Styvesant

(Letter to the Amsterdam Chamber of the Dutch West India Company, from New Amsterdam, September 22, 1654.)
(17th century Dutch governor in America.)

"The Jews who have arrived would nearly all like to remain here, but learning that they (with their customary usury and deceitful trading with the Christians) were very repugnant to the inferior magistrates, as also to the people having the most affection for you; the Deaconry also fearing that owing to their present indigence they might become a charge in the coming winter, we have, for the benefit of this weak newly developing place and land in general, deemed it useful to require them in a friendly way to depart; praying also most seriously in this connection, for ourselves also for the general community of your worships, that the deceitful race - such hateful enemies and blasphemers of the name of Christ - not be allowed further to infect and trouble this new colony."

Peter Styvesant

Thomas Jefferson

(18th century American statesman)

"Dispersed as the Jews are, they still form one nation, foreign to the land they live in."

Thomas Jefferson (D. Boorstin, THE AMERICANS)

"Those who labor in the earth are the Chosen People of God, if ever he had a chosen people."

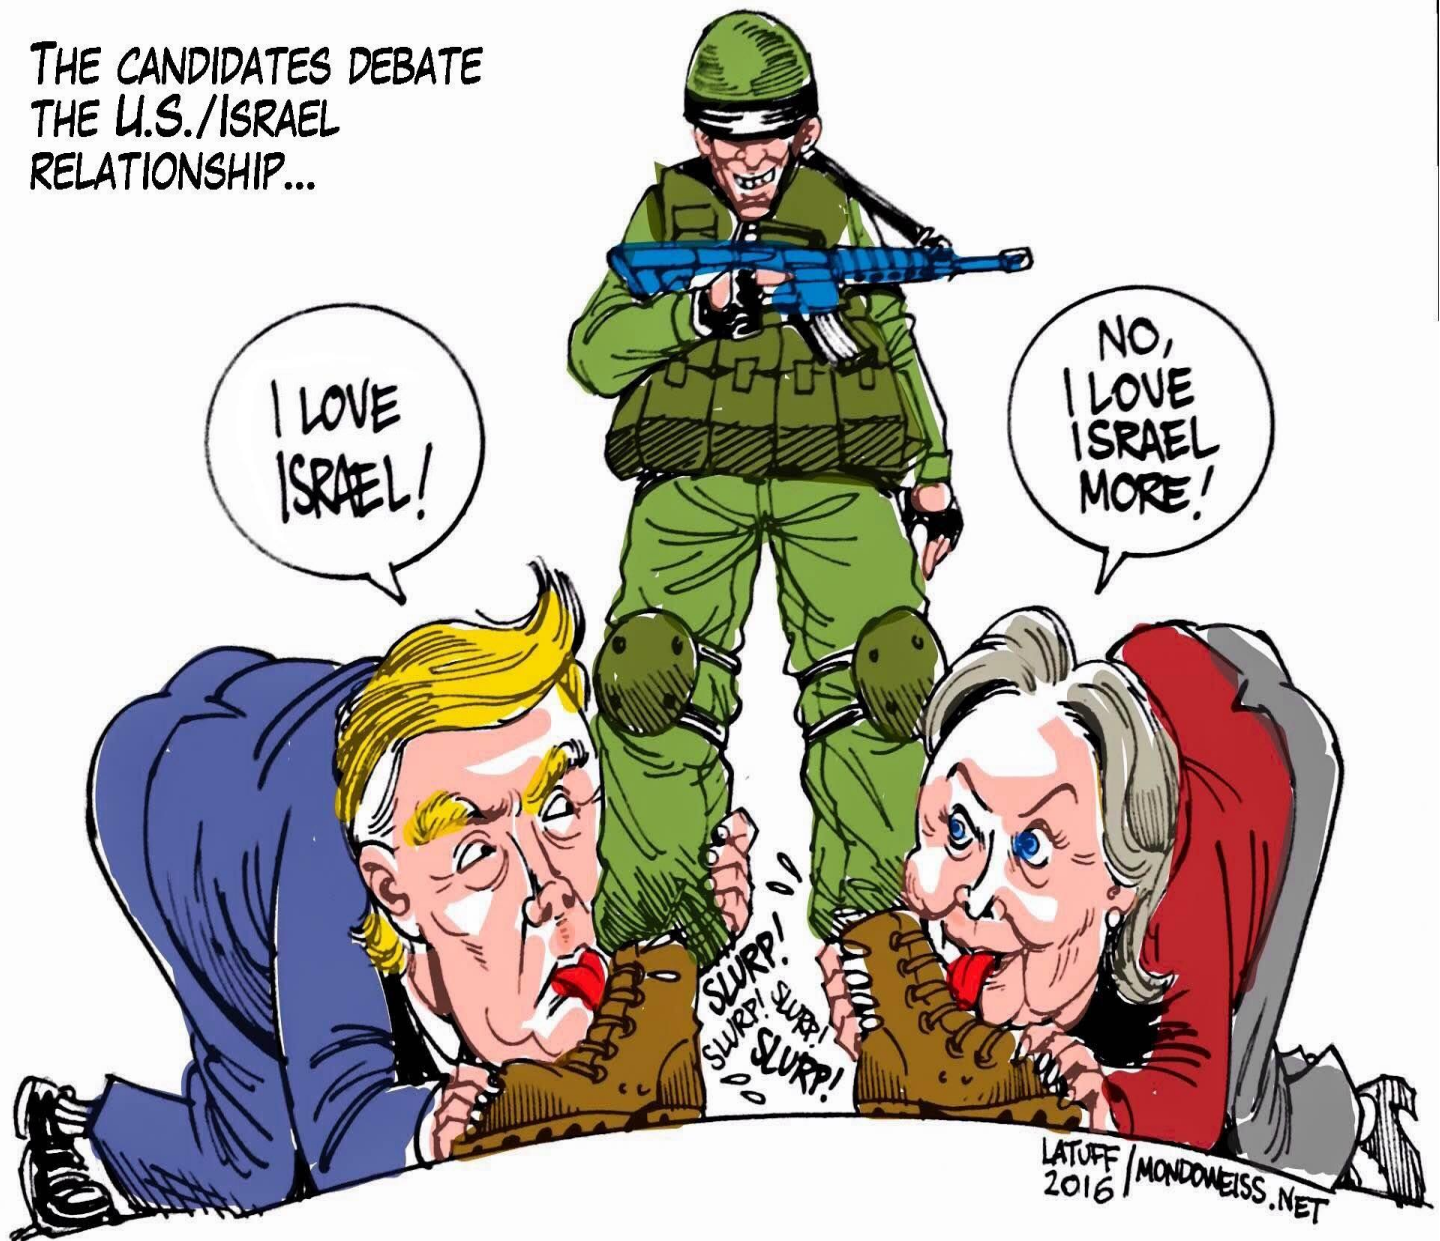

Thomas Jefferson (NOTES ON VIRGINIA) [clilist.htm](http://www.biblebelievers.org.au/clilist.htm)

Tim Geithner is not a Jew. Take care not to discredit your important site with inaccurate information. –
Sam

Sam: Straight from the Vampires' mouths (as always... in one of their countless publications intended for THEIR EYES ONLY), here is an excerpt from a post I wrote on Business Insider with the source—Emphasis mine:

For those who continue to deny collusion in this epic plundering because “Tim Geithner is Caucasian,” here’s the proof straight from their own publication, “The Jewish Chronicle” whereby they are caught red-handed boasting after the 2008 election of their installed puppet that only “Jews” were being considered for that all-powerful economic position as Treasury Secretary even as damning evidence was mounting that most of those “candidates” played pivotal roles in orchestrating the “global financial crisis.”

“The Jews set to play a central role in Obama’s administration: All the main candidates for the crucial job of Treasury Secretary, the man who will have to deal with the global financial crisis, are Jewish.

They include ROBERT RUBIN and LARRY SUMMERS, who both held the job in the Clinton Administration, former president of the Federal Reserve PAUL VOLKER, president of the Federal Reserve Bank of New York TIM GEITHNER and even New York Mayor MICHAEL BLOOMBERG, who is mentioned as an outside candidate.”

Why is the ethnicity of these people important?

David, that is a question that works both ways. It seems most non-Jews are filtered out of prospective top economic positions (among other positions); and usually Khazar/Ashkenazi and even Sephardi Jews dominate the strategic positions. Why is this the case? So, your question is very important; why is the ethnicity of these people important?

The real connection here is with the Rothschild family who serve as the true leaders of Western Governments. Is there a informal network that links the control of American institutions through a religious connection using the Jewish faith as a medium to further the power of the Rothchilds?

Everyone should read Gary Allen's 1972 NY Times bestseller, "None dare call it conspiracy," to see the connection.

... should anything having to do with anything else other than why banks and bankers are involved in regulating our Economy, and not the Treasury Department, be on this Stimulus Bill? What does gun control have to do with the Economy? or is this the typical carrot dangled in front of a starving nation in order to tighten the shackles on it?

I can't believe the number of Jews in our government that have dual citizenship. That should not be. I realize many in congress and most of Obamas' cabinet are CFR, TC and BB members. The Federal Reserve also. Much of the CIA controlled news media. Henry Kissinger and Zbigniew Brzezinski. We have a congress for the most part that has sold us out and are traitors to the US. I didn't know until today William Jefferson Clinton is the son of Winthrop Rockefeller. I do know Hillary is both a CFR and BB member. Thanks to men like Ron Paul America is slowly waking up to what is happening. It may be too late. There are a few honest congressmen and women. Just a short list. Obama has to go. Every president lies but none more than Obama.

I tried but wasn't able to verify, by internet research, your information on the religious/ethnic background of Mary Boies' husband, Henry S. Bienen, Alan Blinder, Alberto Ibargüen, Henry R. Kravis, David G. Bradley's wife, Pamela Gann, J. Tomilson Hill, Donna Hrinak, Joan E. Spiro, and Joseph S. Nye.

It seems plausible they are Jewish, but I cannot make use of this information in lack of hard evidence. Would you please tell me where you've got it from?

wake up america...i'm not prejudiced, however,do your homework.. entire world,corporate, financial, foreign policy, etc. ruled and owned by jews..the power behind the throne and getting stronger by the day...using manipulative tactics such as placing "puppet powerless" non jews in their companies, hiding their own identity claiming other origins or religions and even sending kids to christian schools so america will fall for the camouflage...let them save Israel with their own money and bloodshed instead of our young ones..how many jews ever enlist in our military? they will buy obamas 2012 once more..wake up AMERICA..

The CFR was recorded talking about how to get people to take the flu vaccine. They said "let's say there is a shortage" (jokingly?) The next Monday, ABC news; SHORTAGE AND LINEUPS FOR H1N1 VACCINE CREATES PANIC.

You want to read a book, read "The World Conspiracy" By: Nicola M. Nicolov I've been researching the Federal Reserve and the Rothschild's and Rockefeller. Rothschild is not the family name they

chose it back in the 18th century. It means 'red hat'. Just a little trivia. I'm appalled by horrible things the 10 richest Jewish families in the world and control everything and everyone, but when they caused the French Revolution and all wars since 1708 I became ill! After going through all these men and women in control in our world I am not shocked at the number of Jews in our government. Thanks for the pictures, now I have an idea of what the horrid people look like. I personally think it is too late to stop them they have been planning the New World Order since 1708 when they opened their first bank in Europe.

As far as Obama is concerned,,most people in our government are connected to these organizations. He chose his cabinet like all other presidents from what was available. President Obama is a very good and caring person for you and me and our country. If congress hadn't stopped everything he wants to do for the people and country we would be much closer to ending this recession. It's ashamed that so many republicans are prejudiced against black people, and hate that a black man was elected by our citizens. Just proves that the Dems aren't as prejudiced, because we like him. I feel sorry for the religious conservatives, so full of fear and hate. They must be very unhappy people.

You wrote;

"President Obama is a very good and caring person..."

Are you kidding me?

He lied about every campaign promise he made.

"If I'm elected the first thing I will do is bring the troops home from Iraq...You can take that to the bank"

As President and he is commander and chief of the armed forces. He didn't have to ask anyone. He could have had them out of there in weeks. It took him 3 years and thousands of more lives lost!

That is just one of the many lies he has told that has cost America many lives, tears, blood and money. They continue.

But the worst he and Congress could possibly have done was the National Defense Authorization Act, NDAA. That was high treason. It completely destroyed the Bill of Rights and Constitution. Everyone who voted for that should be hanging at the end of a rope.

This is a clear example of why the US Policy of not disclosing ones religion is as phony as the results are clear. No one is worried about the Presbyterians taking over the government.
